FIG. 3

Diagram illustrating the sequence of events for a 1000-word text, showing the time intervals between the start of each word transmission and the corresponding reception.

The timeline shows the sequence of events for the transmission and reception of words A through G. The time intervals between the start of each word transmission and the corresponding reception are indicated by arrows and labels:

- Interval between the start of word A and the start of word B: $1/360s$
- Interval between the start of word B and the start of word C: $1/480s$

The timeline continues with ellipses (\dots) indicating further words and time intervals.
